The costs are split between the course costs and the accommodation costs. The costs of the courses vary. It depends on how long you would like to study for and the type of course that you want to do. The language schools offer the courses Intensive (20 lessons/week) and Intensive Plus (20 lessons + 5 conversation Spanish/week). The accommodation costs also vary. You can choose between home stay in a host family and living in a shared apartment with other students.

Please be aware that course costs will also vary throughout the year depending on the dates that you want to study. We organize everything for you so that you can sit back and relax.
